

Covid-19 Protocol

As always, your child's well-being is our top priority. Our health and safety practices have evolved and will continue to evolve as federal, state, and local regulations change.

Montessori Children practices safe social distancing. Please follow safe distancing markers outside and in the classroom. You must wear a mask, neck gaiter, or face shield to enter the classroom.

Limited Classroom Access

At drop off and pick up parents must stay outside on social distance marker. New parent tours will take place after all the children are dismissed. They must fill out COVID-19 form to be able to schedule a tour.

You must supply your own mask.

Mask must be clean, sanitized and changed daily. Reusing the same mask more than once without washing is not sanitary.

Screening staff and children upon arrival daily. Everyone will have temperature check and screened for symptoms before entering the classroom.

One at a time to enter the classroom, once the student temperature is checked the next child can move to the door marker.

Next the child will hang up their own belonging (Backpack, lunch box etc.).

The child will remain wearing mask at this time and go to the blue marker to sanitize their hands.

The children will remain wearing mask until they are in safe distance from each other.

Once the children are sitting at their desk with sneeze guard, they can remove their mask.

Each desk has sneeze guards and tissues. There is a hook to hang face mask in zip lock.

Each child has their own workstation supplied with their own sound chart.

Each child will have their own supplies provided by the parent. Please see supply list.

The classroom has been restructured into 3 sections for small groups 6-8 children reducing class size.

Sanitize stations and tissue are located all around the classroom.

Teachers will wear mask.

Teachers will clean as needed after use of each activity with Germicidal clothes.

Bathroom will be sanitized after every use.

No diaper changing.

All children will sanitize their hands again as their name is called for dismissal.

Please check our [website](#) for links which may help you when speaking to your child about the virus and importance to wearing a mask. There are so many creative masks. Maybe purchase your child's favorite superhero or Disney character mask.
